BEST BET: Race 8 - #4 Indygita

It's been a while since this mare has seen the winners circle, but she has been a consistent finisher and comes out of a key race against a deeper field. In addition, Indygita hesitated at the start last time out and began the race with a hurdle to overcome. Now first off the claim for Armando De la Cerda, it looks like the slight drop in class will put Indygita in the right spot to get her confidence back.

LONGSHOT: Race 6 - #5 Shoshone Brave

Given the competition that this gelding has to face today, he will probably be overlooked in the wagering and yet clearly has some ability. After a game win two starts back at a big price, the connections of Shoshone Brave stepped him up in class last time out, where he faced a very deep field that included multiple graded stakes winner Pure Sensation, as well as traffic trouble. Regular jockey Miguel Vasquez has continued to ride in good form.
