

# GULFSTREAM PARK

## Notification of Salix Administration

Name of Horse: \_\_\_\_\_ Tattoo: \_\_\_\_\_

Year Foaled: \_\_\_\_\_ Color: \_\_\_\_\_ Sex: \_\_\_\_\_

Pursuant to the provisions of Gulfstream Park's Salix Rule 3, the trainer of record and attending veterinarian for the horse listed above attest to the following:

- The horse has not previously exhibited Equine Induced Pulmonary Hemorrhaging (i.e. external bleeding)
- It has been determined that it is in the best interest to place the horse on Florida Salix list and to race following Salix administration.

It is understood that a Gulfstream Park veterinarian must administer the Salix no later than four (4) hour prior to post time of the race in which the horse listed above will participate.

The trainer of record understands that the administration of Salix may not be discontinued without first:

- Providing written verification from the attending veterinarian that it is in the best interest of the horse listed above to discontinue the use of Salix and
- Completing and submitting the required Gulfstream Park form, Request to Discontinue Salix, to the Gulfstream Park Salix coordinator no later than 4:00 P.M. the race day prior to the day the horse is scheduled to compete.

This notification must be submitted to the Gulfstream Park Salix Coordinator prior to entry of the horse listed above in a scheduled pari-mutuel race.
