### Saturday's 6<sup>th</sup> Race Rundown

Take your pick: there's two by Curlin, a War Front (out of Horse of the Year Havre de Grace), a Bernardini and a Cairo Prince. Race 6 Saturday afternoon has the look of a very solid maiden special weight field, a race that will be run at 6 ½-furlongs over the dirt. First-race post time on this opening Saturday of Gulfstream Park's spring meet is 12:45 p.m. ET. Race 6 will run around 3:15 p.m. Trainer Jason Servis will be just one week removed from his Florida Derby victory with Maximum Security, who heads to the Kentucky Derby a perfectly unbeaten four-for-four. Servis won with nearly 45% of his starters and scored a 'w' here on opening day (Thursday) in the first race of the meet with Zig Zillion. Yes, he paid about \$3 in the process. Anyway, Servis sends out first-time starter Air Attack for Gary and Mary West. This \$300,000 Curlin colt hails from a Tapit dam (Tap Softly) that won six races total, including five over the dirt. Air Attack is her fourth foal. Her results as a producing broodmare have been mixed thus far: her siblings are just one for three with a cumulative record of one for 18. Rail runner Ironwood, who cost \$950,000 some 25 months ago, starts for former champion jockey turned trainer, David Flores. Flores won more than 3,600 races – including three Breeders' Cup races – and \$153 million as a top South Cali-based jockey. As far as training goes, Flores has saddled just nine starters, good for two winners in the process. Ironwood marks his first Gulfstream Park starter as a trainer, which is pretty cool. Trainer Ralph Nicks has a 1-2 punch of River Front (monster pedigree) and Dyn, his Cairo Prince firster. Dyn is the sixth foal from a dam that won three times – once over dirt and twice over synthetic.
