### Maidens Galore on This 11-Race Sunday

Maidens of all levels get their chance in the South Florida spotlight this Sunday as Gulfstream Park hosts an 11-race July 28<sup>th</sup> program. First post is 1:15 ET. Friendly reminder moving forward: Gulfstream Park is 'dark' both Monday and Tuesday as far as live racing is concerned but we are hosting a special Wednesday program that begins around 1:20 ET. As for Sunday, I like Prickly Kitten right off the bat in the opener as this Kitten's Joy filly – still lightly raced at a mere 0-1-1 from three starts I should add – dips in for maiden claiming \$12,500 over the turf for trainer Mike Maker. Jockey Reylu Gutierrez, who returned to GP last week and plans on riding regularly in South Florida moving forward (good news, by the way) completes a nice, neat, favored package for Maker and company. Later on in race 7 sees a well-bred and well-connected field of two-year-old filly maidens on the turf. It's pretty awesome "finally" having a two-year-old by 2015 Triple Crown champion American Pharoah racing here at Gulfstream Park; trainer Wesley Ward's Liraz, purchased earlier this year for just \$33,000, is the first Pharoah juvenile to race in South Florida. Right next door to her in stall #11 is my top selection, Fujairah, who is bred on both sides for turf. This filly sports a terrific looking grass-loving pedigree of Ghostzapper-Front and Center, by Dynaformer. I know her dirt and career debut wasn't much to write home about earlier this month – she was sixth of eight behind the talented Two Sixty at odds of nearly 25-1 – but I believe (translates to speculating) grass racing, specifically this spot, was the goal all along. Lastly, her Palm Meadows-based trainer, Carlos David, has done a solid job this year as a whole in South Florida. David is a former key assistant to top trainer Jason Servis.
